MYLNE PF28 EXPLORER YACHT

PF28

Our Path Finder 28m project was developed to take the owner, family and friends around the world in a sturdy traditional motor yacht of meaningful proportions. Signature features of the 1920's combined with a highly optimised underwater hull shape give exceptional economy, comfort and character.

With space for up to 2 tenders on deck, and its electric propulsion, this new Mylne design will continue to surprise and delight even seasoned global explorers.
